To comply with Public Health directives and preserve the safety of clients and staff, we will be offering a combination of online, in-person and blended learning programs. Staff remains available to serve you via phone, video-conferencing or email.

**Please note: due to funding criteria, we are unable to serve Canadian Citizens and Refugee Claimants at this time.*

Artificial Intelligence (AI) has not only impacted the future of workplaces but it is also impacting how people find jobs. New technology has opened up new possibilities for job seekers, enabling them to leverage AI for résumé writing, personal branding, and exploring career paths. Join this webinar to learn about the use of AI for job search and career planning.

In this two-part session you will learn:

- How generative AI can help you with job search
- To optimize AI for résumé writing and personal branding
- The impact of AI in recruiting processes and the job market
- To explore career paths with AI
