### WHAT IS THE CANADA-ONTARIO JOB GRANT?

Canada-Ontario Job Grant is a partnership between the federal and provincial governments to fund employer-driven training initiatives. The grant provides direct financial support for employers to purchase training for their workforce. The cost of training is a shared investment between the employer and the federal and provincial government.

It is available to small, medium and large businesses with a plan to deliver short-term training to existing and new employees, and will:

- Provide up to \$10,000 in government support per person for training costs
- Require employers to contribute one-third of the total costs
- Require training to be delivered by an eligible, third-party trainer
