

YWCA Toronto

WORKFORCE DEVELOPMENT

For independent consultants, businesses and organizations

Professional development and career advancement for your employees that is affordable, reliable and practical.

Career Assessment and Planning (CAP)

CAP provides clarity and direction to individuals who are at a crossroad in their careers. CAP assists employers identify under-performing issues affecting employees or discover future leadership and professional capacity amongst team members.

Customized Training

Improve productivity, enhance team dynamics, maintain successful conversations, facilitate working sessions with ease or train staff on the latest MS Office applications. We will design a customized training that works for your employees.

e-Learning

Self-directed, online courses from the convenience of home or office are accessible 24 hours a day. Employees will benefit from affordable, up-to-date training courses learned at their own pace.

Services are provided by the Skills Development Centre (SDC), a YWCA Toronto initiative committed to creating sustainable economic development for women, organizations, individuals and communities.
